Independent & affordable

No conflict, No product bias

360°

Integrated Lens

Macro Research + Financial markets expertise + Bespoke research

THE CHALLENGE

NAVIGATING A COMPLEX ECONOMIC LANDSCAPE

Macro uncertainty is no longer cyclical - it is structural.

How will India sustain growth amidst global shocks?

Where is the global economy headed with ongoing geo-political tensions?

Can the Rupee depreciate more?

Is fiscal consolidation the defining macro story for India?

How much of global increase in crude oil prices translate into CPI inflation?

Should RBI prioritise inflation, growth or stability?

PURPOSE

WHY CHOOSE QUANTECO

Our mission

VUCA WORLD

Macro complexity is rising. Businesses need to grasp fast-changing dynamics of domestic and global macroeconomic environment.

COHERENT VIEWS

Diverse macro views, while important to understand the spectrum of possibilities, often lead to chaotic comprehension that hinders decisive decision making.

INDEPENDENT PARTNER

Engage with a trusted and independent research partner committed to handholding decision makers and keeping responsive to changing economic dynamics.

OUR VISION

HOW WE HELP OUR CLIENTS

Our Three Promises

GAIN KNOWLEDGE

Cutting-edge independent India macro & financial market intelligence to understand forces shaping the economy

APPLY INSIGHTS

Translate research into decisive business strategies before competition does

STAY AHEAD

Stay agile through publications, interactive sessions & bespoke assignments

STRENGTHS

WHY OUT- SOURCE?

The case for outsourced economic research

COST EFFECTIVE

Most corporates operate without an in-house economist. Costs are high, quality is variable.

SPECIALISATION BEATS GENERALISATION

Post-COVID complexity has made research outsourcing a global cost-optimisation imperative.

FLEXIBLE, TIMELY & AFFORDABLE ACCESS

High-quality research at competitive pricing — tailored to your product and servicing needs.

SERVICES

Research & Consulting

RESEARCH

Macro Commentary and Thematics
